

IMMEDIATE RELEASE

Myrtle Beach International Airport (MYR) is Open

Myrtle Beach, SC, September 3, 2019 – The Myrtle Beach International Airport (MYR) is open and operating as usual in advance of Hurricane Dorian.

The Myrtle Beach International Airport (MYR) is open and operating as usual. While the Airport is open air carriers might delay and/or cancel their flight operations. Many airlines operating at MYR have posted “Travel Advisories” on their websites, providing instructions on how to re-book flights impacted by Hurricane Dorian. Travelers must contact their airlines, not the Airport, for up-to-date flight information.

Traveler Tips:

- Prior coming to the Airport, travelers should verify flight status with their airlines, do not call the Airport.
- Travelers should verify that the airline has the correct contact telephone number and/or email address; the air carrier will notify the passenger directly of flight changes.
- If travelers have questions about the airline re-booking and/or cancellation policies they should visit the “Travel Advisory” section found on the air carrier’s home page at:
 - Allegiant Air www.allegiantair.com
 - American Airlines www.aa.com
 - Delta Air Lines www.delta.com
 - Frontier Airlines www.flyfrontier.com
 - Spirit www.spirit.com
 - United www.united.com
 - WestJet www.westjet.com

About the Myrtle Beach International Airport (MYR) The Myrtle Beach International Airport is the gateway to Myrtle Beach, South Carolina and the Grand Strand. The Myrtle Beach International Airport is owned by Horry County and operated by the Department of Airports. MYR is served by Allegiant Air, American Airlines, Delta Air Lines, Frontier Airlines, Porter Airlines, Spirit, Sun Country, United Airlines, and WestJet.
